Dr. Karen B. Salmon, Superintendent
Talbot County Public Schools
P. O. Box 1029
Easton, MD 21601

Dear Dr. Salmon,

The Commissioners of St. Michaels wish to lend their support to the request from the St. Michaels Fire Department's request to hold the Firemen's Carnival on the grounds of the St. Michaels Middle-High School campus. As you know, the Carnival has been a tradition for our town as well as a major source of income for our volunteer Fire Department. The carnival's absence in the past several years has been keenly felt. We would ask that the Board of Education reconsider its current negative position in this matter.

Thank you for your consideration of our request and for conveying our position to the Board members.

Sincerely,

The Commissioners of St. Michaels
Michael W. Brady, President
